

SO260.1

Name: **Suspension clamp**
IMWS 25-95 mm² (without bracket)

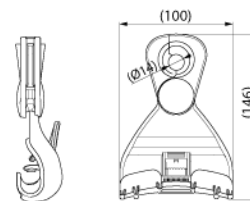

Type: SO260.1

GTIN: 6418677419058

Description: For suspending of LV ABC cables in an insulated messenger wire system (IMWS). Suitable for every climatic conditions.

Package: 50/1600

Unit: PCS

Technical specification

Mechanical

SMFL 12 kN

Dimensions

Weight 0.160 kg
Messenger diameter 8.5 ... 15.5 mm
Messenger conductor size 25 ... 95 mm²

Features

Includes bracket

Construction:	Construction	Material
	Plastic parts	UV resistant plastic

Installation: Messenger wire is installed into the groove and locked with the locking part.

Tools required: No tools required

Markings: SO 260, 25-95 mm², PS 1500, LM1500

Standard: NF C 33-040
