SLIW52

Name: **Insulation piercing connector**
16-150 mm² / 1.5-16 mm², Waterproof

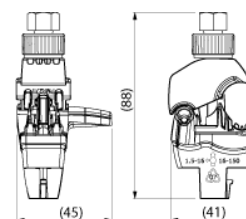

Type: SLIW52

EAN: 6438100312114

Description: SLIW52 is for use with insulated aluminium or copper conductors. Fully insulated bolt provides safe live line working. Both main and branch conductor insulations are pierced by single bolt action. Test voltage 6 kV/50 Hz/1 min in water. Connector's design enables live line installation without peeling insulation from conductor.

Package: 60/3780

Unit: PCS

Technical specification

Electrical values

Test voltage in water 6 kV / 50 Hz / 1 min

Mechanical

Tightening torque 11±1 Nm

Dimensions

Weight 0.062 kg

Main conductor 16-150

Branch conductor 1,5-16

Conductor diameter 7.0-18.6 / 3.0-7.8
